Mercyhurst recorded the highest team grade point average (GPA) in the Twentieth Annual Division II All-Academic Wrestling Team competition and has won the Academic National Championship. This is the first time that Mercyhurst University has achieved this honor. Ten other NCAA II schools have also won the National Championship. They include the University of Wisconsin-Parkside, Fort Hays State University, the University of Indianapolis, Colorado School of Mines, Truman State University, West Liberty State College, Minnesota State University-Mankato, the University of Nebraska at Omaha, the University of Nebraska at Kearney, and the University of Mary . Nine of the top twenty academic teams came from the North Region, six came from the East Region, three came from the West, and two came from Midwest Regions. The Team GPA is calculated by averaging the cumulative grade point averages of ten wrestlers from each team of which eight of those wrestlers must have competed in their team's NCAA II National Qualifying Tournament.
