The 2014-2015 Division II All-Academic Wrestling Team consists of 237 student-athletes from 46 universities and colleges. Thirty-six members were named to the first team, 55 members to the second team, and 143 were named as honorable mention. Western State College placed four members on the first team, while both St. Cloud State University and Minnesota State University-Mankato each placed three on the first team. Seven student-athletes were named to the team for the fourth time. They were Jayd Docken, Parker Swanson and Bradyn Neise, all from Augustana College; Mathew Turek from Gannon University; Alec Rentschler from Truman State University; Benjamin McPhail from St. Cloud State University; and Chris Watson from the University of Central Oklahoma. Watson was the only member of the team to earn first team honors all four years.

In order for a student-athlete to be nominated to the Division II All-Academic Team, he needed to have a minimum 3.00 cumulative grade point average on a 4.0 scale. He must also be in at least his second full year at his school, be a varsity member on his team or a key reserve, demonstrate a degree of skill and have a minimum of two letters of recommendation (academic advisor and coach) submitted on his behalf.

The University of Indianapolis recorded the highest team grade point average (GPA) in the Twenty-Second Annual Division II All-Academic Wrestling Team competition and has won the Academic National Championship. This is the second time that the University of Indianapolis has achieved this honor. Eleven other NCAA II schools have also won the National Championship. They include the University of Wisconsin-Parkside, Fort Hays State University, the University of Mary, Colorado School of Mines, Truman State University, West Liberty State College, Minnesota State University-Mankato, California Baptist, the University of Nebraska at Omaha and the University of Nebraska at Kearney. Seven of the top twenty academic teams came from the North Region, five came from the East Region, five came from the West Region, and three came from the Midwest Region. The Team GPA is calculated by averaging the cumulative grade point averages of ten wrestlers from each team of which eight of those wrestlers must have competed in their team's NCAA II National Qualifying Tournament.
