# **TEAM STANDINGS**

Western State Colorado University recorded the highest team grade point average (GPA) in the Twentythird Annual Division II All-Academic Wrestling Team competition and has won the Academic National Championship. This is the first time that Western State Colorado University has achieved this honor, and their GPA is the highest ever recorded. Twelve other NCAA II schools have also won the National Championship. They include the University of Wisconsin-Parkside, Fort Hays State University, the University of Mary, Colorado School of Mines, Truman State University, West Liberty University, Minnesota State University, Mankato, California Baptist University, the University of Nebraska at Omaha, the University of Nebraska at Kearney, and University of Indianapolis. Eight of the top twenty teams came from the Central Region, five came from the Midwest Region, four came from the West Region, and three came from the East Region. The Team GPA is calculated by averaging the cumulative grade point averages of ten wrestlers from each team of which eight of those wrestlers must have competed in their team's NCAA II National Qualifying Tournament.
